A2Z strives to aid students excel academically with the belief that no child should be left behind.

Our Mission

“Aim for A2Z” is a 501(c)3 non-profit organization, operating in Mercer County, New Jersey since 2004. Our mission is to raise literacy levels and subject matter skills in students from at risk, low to moderate income families. By providing continuous one-on-one learning opportunity with the students, a positive relationship is developed that promotes self-esteem. This leads to building confidence and success in the classroom and beyond.

What We Do

Since its inception, A2Z has been supported by a group of competent, professionally trained volunteers consisting of talented high school and college students from the region. Our volunteers are passionate about sharing their skill sets and knowledge with students from 1st to 12th grade. Over the course of 42 weeks of the school year and 6 weeks of summer months, we strive to enrich and improve Math, English, reading, writing, speaking, and listening skills of students who participate in our program.

Mentoring

A2Z has been mentoring community students since 2004 in the East Windsor Regional (Hightstown), Ewing and Lawrenceville districts through its relationships with district schools, local libraries and their respective municipalities across Mercer County. A2Z continuously works to improve its services to its students, by increasing and upgrading the resources available to the students and mentors for their mentoring sessions. Specifically, the following is put into effect:
